

Your gateway to European road safety information

Why ERSO?

In Europe there is a need for more road safety knowledge in a centralized way. Therefore a website has been built that disseminate all relevant road safety information.

Knowledge

High quality information on important road safety subjects. The information is scientifically founded, easy to read and ready to use. Includes topics like:

- Alcohol
- Novice drivers / Older Drivers
- Road Safety Management
- Speeding / Speed Enforcement
- Pedestrians and Cyclists
- Vehicle Safety
- Fatigue

And many others...

Data

Data and information on (how to use) road safety related data. The information includes:

- Accident statistics
- Safety Performance Indicators
- Road accident investigation
- Interactive data

SafetyNet

Information on SafetyNet:

- Workpackages
- Results
- Partners
- SafetyNet conference

ERSO is a result of the SafetyNet project

Links

- Links to road safety projects
- Links to road safety organisations
- Road safety events

If you have any questions,
please contact ERSO: info@erso.eu
